This paper uses the 2009 EBRD/World Bank Business Environment and Enterprise Performance Survey (BEEPS) of firms in 28 transition and developed countries. The data set and documentation is available at <http://ebrd-beeps.com/data/>. The website also provides links to previous rounds of the BEEPS surveys which were carried out in 1999, 2002 and 2005. Unfortunately, given the changes in survey design, a meaningful link between the 2009 and earlier versions is not feasible.
